

Mark E. Litow

FSA, MAAA
Principal, Consulting Actuary

CURRENT RESPONSIBILITY

Mark is a principal and consulting actuary with the Milwaukee office of Milliman and the International Health Steering Director for Milliman Global. He joined the firm in 1975.

EXPERIENCE

Mark has been involved with various projects concerning healthcare reform, managed care, disease management, and regulatory issues world-wide. He has been a dominant force in the development of the Medical Savings Account concept in the United States and South Africa and has performed healthcare reform related to financial issues for numerous countries.

Mark's areas of expertise include the projection of health costs for medical and long-term care products and special risk accident and health products; evaluation of healthcare reform proposals; development of medical savings accounts; reform of Medicare, Medicaid and other government programs; estimation of reserves and liabilities; new product development; appraisals of accident and health business as part of a life insurance company; expense and persistency studies; rating and re-rating of individual and group insurance products; and analysis of various risk sharing arrangements. Mark has assisted clients with troubleshooting, pricing, and valuation of reserves and analysis of risk sharing arrangements.
